

# OUR YEAR IS COMING TO A CLOSE!

I cannot believe that it is already the last 2 weeks of school! I have enjoyed this year with your kids so much, and I cannot thank you and the kids enough for an amazing year! These kids have learned so much, and taught me so much at the same time! I am so proud of all of them and love them so, so much!

As our year finishes, we are learning all about bugs! We even have a few friendly insect visitors in the orange room. This includes some Mexican jumping beans, a praying mantis, crickets, worms, ants, and a few other creepy crawlies! They have been absolutely loving learning about them. Also, we will be wrapping up all of our units in language arts and math. They are all doing so great and have come so far!

In addition, the kindergarteners have been hard at work practicing for our closing show! If you haven't already, please remember to turn in your forms for the closing to inform us how many tickets you will need. If you need a new form, please let me know! They are so excited to show you what we have been working on!

Since these kids will be moving onto bigger things in 1st grade, I know you will all need their previous records from Our Saviour. Attached to this newsletter, I have included the form I need you to fill out in order to legally be able to release those documents to their new school. I cannot send them until I receive this form! Thank you in advance!

Again, I just want to say a huge thank you to all of you amazing families. You entrusted Our Saviour during these crazy times, and for that I am so grateful! I can't wait for you all to watch your kindergarteners graduate at our closing- which is all about BUGS!

As always, if you have any questions- let me know!

Miss Rachel
